

The PSHEe and RE (Relationship Education) curriculum at Richard Clarke

How and what will my child be taught?

Why has PSHEe and RE become statutory?

The Children and Social Act 2017 introduced a new legalisation on Relationship and Health Education in schools due to their concern over the risks of children growing up in a digital world.

Is there a PSHEe and RE policy?

As a school we have written a PSHEe and RE policy of how this subject will be taught at Richard Clarke and this was shared with parents on the website in the Spring Term. You can find it on this link:

<https://www.richardclarke.staffs.sch.uk/teaching-learning/pshe/>

Alternatively, if you would like a paper copy then please ask at the office.

What is changing and how?

Relationships Education (RE)

All schools which are providing primary education, including all-through schools and middle schools (includes schools as set out in the Summary section of the 'Draft guidance').

Health Education (HE)

All maintained schools including schools with a sixth form, academies, free schools, non maintained special schools and alternative provision, including pupil referral units.

The statutory requirement to provide Health Education does not apply to independent schools – PSHE is already compulsory as independent schools must meet the Independent School Standards as set out in the Education (Independent School Standards) Regulations 2014.

What does this mean for the children at Richard Clarke?

Relationships Education (Primary)	Health Education (Primary)
<ul style="list-style-type: none">• Families and people who care for me• Caring friendships• Respectful relationships• Online relationships• Being safe	<ul style="list-style-type: none">• Mental wellbeing• Internet safety and harms• Physical health and fitness• Healthy eating• Drugs, alcohol, and tobacco• Health and prevention• Basic first aid• Changing adolescent body

For more details on each subject area, please visit: www.gov.uk

<u>Hazard Watch</u>
<u>Fire Safety</u>

KS2

<u>Keeping and Staying safe</u>
<u>Keeping and Staying healthy</u>
<u>Friendships and Relationships</u>
<u>Dreams and Aspirations</u>
<u>Feelings and Emotions</u>
<u>Online Safety</u>
<u>Entrepreneur</u>

What resources will be used to deliver this?

At Richard Clarke, we have brought into the resource 1decision which is a child friendly tool used to teach areas of the Relationship and Health Education curriculum.

What resources will be used to deliver this?

The children are taught using videos which encourages them to make the right decision and encourages discussion and critical thinking opportunities. There is also engaging activities that are used to follow up the video content which highlight pupil's progression.

What do the children say about the resource?

“ I like PSHE and 1decision because you get to watch videos and make the right choice”.

“I think the 1 decision website is very good because you can get information and it also helps me understand more about everyday safety for the future”.

What do the children say about the resource?

If you have any questions or queries then please do not
hesitate to contact Miss Wain at:
