Are you an
internet
legend?

You're an Internet

Legend.

How many **computing challenges** can you complete?

Use the grid of activities to earn points and total up how many points you get in total. **Can you become a computing champion?**

The number to the side of the activities tells you how many points you earn for completing an activity from that row.

Total points _____

Create an e-safety board game	Create a powerpoint	20 points each
Make up your own emojis	Create a cyber-bullying poster	10 points each
Create your own keyboard	Design a futuristic computer	5 points each
Find out how many words you can type in a minute	Find the hidden alien on the school website	2 points each
Create a computing word search	Write three bits of information you would keep safe	1 point each
