### What do you like most about our school? (summary of themes)

	Response Percent	Response Total
Open-Ended Question	100.00%	33
<p>Wonderful teachers and support staff, great ethos and fantastic learning environment.            Incredibly friendly atmosphere.            Morals of the school are very evident in the pupils and their behaviour/Good ethics            Aspirations for all learners            Celebration of success (Friday assemblies)            Opportunity for everyone to shine (PE, Music Academic and other)            Real pride to be a member of Richard Clare First School            Everything!            The sense of community and pride is strong (love the school song and flag).            School enrichment visits and workshops are a real joy.            The emphasis on nurturing relationships means between pupils and with staff is great            Local community/team spirit.            How efficiently the school operates within the ever increasingly tight budgets provided.            Brilliant at communicating messages/Excellent communication with parents. Open door with teachers/Class Dojo            Ethos and values            Schools approach to the "whole" child            Constantly striving to improve the parking situation...            Approachability            The school has a lovely family like atmosphere which makes the children feel comfortable            The size of the school and the atmosphere make this feel like a private school. I feel very privileged my daughter goes to school here.            Has a good range of after school clubs            Excellent transition preparation.            A wonderful nurturing environment where all of my child's needs are catered for. She is loved, cherished and valued and the staff are clearly passionate about the growth of the children.</p>		

**What do you think we could do that would help make us even better? (summary of themes - *school Responses in red*)**

<p>Finding time to do GANAS projects  <i>We did reduce to twice yearly from three times and moved to avoid the Easter competition. The sponsored event did clash this year and we realise that wasn't ideal with hindsight. We will stick with twice a year as the benefits do make the hard work worthwhile but will avoid clashing another event with this.</i></p> <p>Sort out parking  <i>I would welcome parents ideas on the solution, all practicable and doable ideas would be considered, we need to work together to find a solution. I will be talking to Governors, again, about this issue in the Autumn.</i></p> <p>More clubs/run all year/more for younger year groups  <i>A dance club was planned for the summer term for years 1 and 2 but unfortunately, due to circumstances beyond our control, we were unable to go ahead with this, so we apologise. The content of the club determines what age group they are suitable for and inevitably opportunities increase as the children move through the school and their skills increase. We are very proud of the wide range of clubs we offer for a small school. Some are dependent on school staff going above and beyond on top of their day to day work load, hence they can't run all year around.</i></p> <p>Parent pay  <i>This is coming in next year.</i></p> <p>Children who bring packed lunches to school to eat outside does not encourage children to have school lunches  <i>When the weather is good allowing packed lunches to eat outside helps our organisation to get lunch through more quickly. At middle school the arrangement is the same. We welcome you to encourage your own children to have a dinner if that is your preference.</i></p>		

Other individual issues were raised and will be discussed at staff and Governor meetings to find solutions during the autumn term.
